Finding Lost Space is going to be a primary text for the urban designers of the next generation. It is the first book in the field to absorb the lessons of the postmodern reaction, including the work of the Krier brothers and many others, and to integrate these into a coherent theory and set of design guidelines.

### **Finding Lost Space: Theories of Urban Design: Roger ...**

"Finding lost spaces: theories of urban design" is a classic, an old book on how to re-integrate the segregated open spaces from the urban fabric. It begins with the assumption that architecture cannot solve the problem of lost spaces and to solve them there must be a set of "New Rules" to order them all.
